2-stroke Oil Option Poll

Option	Results
Continue to have both Motul and Burris oil legal for club races	36 Votes - [90%]
Burris should be the only oil legal for club racing.	4 Votes - [10%]

Paraphrasing the IKF technical director, J. Motley from a conversation I had with him about this very subject, "It is my opinion and that of most that understand the issue that castor oil is the best LUBRICANT available. That is not to say that synthetics dont have other advantages...." He was very familiar with this discussion at our club and did not want to get caught up in it. Needless to say Castor only is what everyone is using at grandnats without a problem.. SO?? Clearly there is a strong belief that people are cheating. Why not do what we can to reduce it. How about this, I will personally pay to have the IKF regional tech guys show up at a random time during this season and do their work. Forget the pill draw, let them tech like we are at a regional race.. After being taken out of the race at grandnats by a cheater, it really upsets me that its happening. A pill draw would not have necessarily caught this guy...

Is this the same J. Motley that is the tech guy for SKUSA that only uses "the other oil"?

PKRA, Take Mr. Willis up on this one. Thanks Stewart what a cool idea, send in John Motley to tech a race at random, you are aces and writing the check for it. This is a great idea and someone willing to support it. If this happens I will personally provide a rebuild of the kid kart motor of your choice. Edited by Ted Tucholski 2009-07-23 10:37 PM
